1.2 The Brief:

location?

number of images?

what rooms do we have to show? (int)

will there be aerial (bird's eye) view? (ext)

how to show surrounding houses? (ext)
(like semi-transparent boxes?
or some similar houses that we have in our
library?
or is it necessary to model them?)

are any photos available from the location in
good quality
(in this case photomontage is possible)? (ext)

are there any photos for the window view
available?

(or should we use some more or less
relevant image for the view that we'll
find ourselves?
or should we model the window view
in 3d?) (int)

any wishes on the time of the year
and the time of the day?

are there any reference images that
you like? the moodbar?

do we have to put people on the
images?

what ratio of the images is required
(16:9/16:10)?
what format of printing will be used?
